Gasoline Tank Explodes, Setting Fire to Motor Bus Wreckage.

27 PASSENGERS ABOARD
Bodies and Debris Are Strewn Along Track Hundreds of Feet.

By The Associated Press
ALBUQUERQUE, N. M., April 11.—Nineteen passengers of an eastbound Pickwick Greyhound bus were killed and eight seriously injured today when the bus was struck by a westbound Santa Fe fast mail train near here.

The speeding train sideswiped the bus, causing its gasoline tank to explode and burning much of the wreck.

Bodies were hurled from 30 to 400 feet along either side of the grade crossing and the right-of-way.

Part of the bus was carried along for a half mile, the engine traveling at such a speed that it was not brought to a stop for a mile and a half.

Light injured were taken to hospitals at Albuquerque near here.

INJUNCTION IS DISSOLVED IN MERGER FIGHT

Judge Turnbaugh Removes Temporary Order Against Steel Votes

COUNT TO BE ANNOUNCED
Decision Not To End Battle, Long Legal Conflict Forecast

By The Associated Press
YOUNGSTOWN, O., April 11.—Judge C. S. Turnbaugh today dissolved the temporary injunction restraining the recording of votes in the merger of the Youngstown Sheet & Tube Co. with the Bethlehem Steel corporation.

As a result of the decision the merger proceedings may continue. It is expected that the merger vote will be announced at a meeting of Sheet & Tube stockholders called for 1 p. m.

The judge ruled in dissolving the injunction that the merits of the injunction suit remain, and that further hearing would be held.

But the decision is expected to be reversed late today, but even if the injunction is dissolved, the deal is not expected to be indefinitely postponed.

After that a long series of litigation is in prospect with headquarters for both sides expected ultimately to reach the United States supreme court and possibly keep the final outcome in doubt until after Sept. 1.

BULLETS DENT BUILDING
Store Owner Killed, President of Bank Battered into Unconsciousness

PIQUA, O., April 11.—Three men were shot and fatally wounded and a bank president was beaten into unconsciousness today when four robbers armed with a machine gun executed one of the most daring and sensational robberies in the history of Ohio.

While one bandit stood on the outside of the Citizens National bank here and held residents of an entire street at bay with a machine gun, three companions entered the bank and looted it of \$5,500.

Henry Mathews, owner of a small store near the bank ran from his business place and attempted to spread the alarm when he was aware of what was occurring. He was shot and fatally wounded by the bandit who guard the bank's entrance.

Three other men were shot as they hurried for cover when the lone bandit outside of the bank opened fire with his machine gun after shooting Mathews. They are Ray Alexander, Nathan Lawrence and William Manning. Alexander was shot in the hip and the other two men were wounded in the legs.

The four bandits made their escape in a high powered sedan which is alleged to have borne a Michigan license, No. 5001-235.

Dr. L. M. Carr, who occupies an office in an upper story of the bank building, exchanged shots with the desperadoes as they fled. One of the bandits' bullets shattered a window of the doctor's office.

Former Egyptian Minister to America Praises This Country's Education.

CAIRO April 11—Practically all education in the secret of America's success. This is the opinion of Mahmud Pasha Sami, who has just returned to his own country after five years as the Egyptian minister to America. No country can hope to compare with the United States unless the old dead system of education is renewed as it has been in America, he says. The American child is taught to depend upon him in his early school years. Whereas education

GALLIUM LOOM FOR TRIO OF ROBBERS

Convict Colorado Bank Bandits of Murder; Accept Verdict with Indifference.

EDS Colo. April 11.—The gallows today awaited the three Mantel bank bandits—John Walker, Claude Ray and Andrew Halliday. They were found guilty of first degree murder for the slaying of Under Sheriff Carl A. Hickman of Eads by a jury of 10 farmers, a garage man and a shoemaker who deliberated less than an hour and a half here last night.

If the defense motion for a new trial is denied, the three bandits will be taken to the Canon City penitentiary to await execution. The three bandits are awaiting execution, the largest number of convicts to be executed in the penitentiary at one time.

The trial accepted the verdict with the same indifference that has marked their actions since they were captured.

If a man plays for high stakes, he ought to know that when he loses the loss is going to be heavy, said Walker, the eldest of the bandits. If he is afraid of the consequences he shouldn't play for high stakes.

CLAIMS OF MARION WORKER ARE UPHELD

Appellate Court Orders Certification of \$194 Compensation Judgment.

Certification of a \$194.75 judgment of common pleas court to the state industrial commission was ordered today in a decision of the district court of appeals in the error case of the Marion Steam Shovel Co. vs. the state industrial commission against Charles Hunter, an employee of the plant here.

The judgment grew out of Hunter's suit for workmen's compensation which the state industrial commission denied. He alleged that injuries he sustained at the Marion Shovel plant Sept. 21, 1929, resulted in his losing eight weeks of work and the common pleas court upheld his petition.

The appellate court sustained the judgment but held that the journal entry was wrong in that it did not certify the court's finding to the industrial commission before the latter is legally forced to pay the judgment.

22 PERSONS HURT IN GANDHI DRIVE

Riot Staged in Bombay When Independence Advocates Are Sentenced.

By The Associated Press
BOMBAY, India, April 11.—Twenty-two persons were injured in a riot staged in the courthouse here today when a number of supporters of Gandhi who yesterday offered passive resistance to a police raid on National Congress headquarters were sentenced to various terms of imprisonment.

A large crowd attempted to get at some of the prisoners as they were removed for the purpose of hanging garlands on them. The police fought them off and the Indians changed from passive resistance to active with a shower of sand and stones.

Ten police officers were injured. Four persons were injured in the rain of missiles. The police then charged on the crowd with their batons and clubs, scattering them. There were 12 casualties among the Indians.

Mahatma Gandhi, who yesterday had to curb his salt-making because of high blood pressure asserted today that his health was excellent. He said that he had received a warning from his health that he must hasten to get out of India.

He said that if his health permitted he would concentrate his attention on Gujarat, which he said has not given his movement of civil disobedience its deserved support but could go no further despite an embarrassing number of millions to visit other parts of India.

CINCINNATI, April 11.—The Reds had ended their long training tour today and were back on their home lot with nothing more than a practice session scheduled for the day. Manager Gustaf, pitcher secured by draft from Daxton in 1928, will be sent to Peoria a Red farm on option. He will pitch outfield. This leaves Manager Howley with twelve hurlers, two more than he intended to keep.

FANS OPTIMISTIC

NEW YORK, April 11.—Six thousand Brooklyn spectators were ready to believe anything today — at least about the Robins. For the Robins played pretty errorless ball in Ebbets field yesterday, defeating the Red Sox of Boston 3 to 1. William Watson (Jack) buried a grand slam home run in the bottom of the ninth inning, and the Robins won their first game since the season began.

CHISOX CLOUTING HOMERS

By The Associated Press
TOLEDO, April 11.—Not only have the White Sox adopted the role of Giant killers, but they promise to show the home town some home runs this season. In the 1929 campaign the White Sox collected only 37 extra base hits. So far in their successful series with the Indians and minor league clubs they have totaled 35 homers this spring.

Has Its Difficulties

SWITCHING horses is a tedious proposition if the opinion of one Marion youth could be learned. Perhaps the lad would have made the grade with something more than a pair of pants gaudy of the owner of the "furnish your own motor power" vehicle had not been a co-worker of an insurance salesman, who actually lands what he goes after, being the culprit just making away with his machine which was parked outside one of the city's industrial plants, and leaving in its stead a disassembled wreck, the salesman used his long power to halt proceedings but the boy's mind was made up and away he went on the new wheel. Undoubtedly

the salesman started in hot pursuit, and, commencing the first auto chase in sight, soon recovered his wheels after the guards.

Explanation

Explanation of just what are the duties of a "floating nurse" have been given by Miss Florence Spaulding, nurse supervisor of the new health district setup, and a Red Cross worker.

The Red Cross visiting nurse visits in homes where needed, remaining in the home from 15 minutes to two hours, according to the nature of the case. The nurse will answer any call, but he went on the new wheel. Undoubtedly

DON'T IGNORE WARNING SIGNALS

Headaches, Listlessness, Bad Breath, Backaches, Indigestion
—Stop Them with Kellogg's ALL-BRAN

This is a serious matter. You must conquer constipation! Stop it at once before its poisons get in their deadly work.

Nearly 90% of all sickness has its origin in irregular elimination. If you neglect the symptoms—constant fatigue, bad breath, headaches and coated tongue—you may be laying yourself open to permanent ill-health.

There's a natural, easy way to free yourself from this terrible scourge, once and forever. By eating regularly a delicious cereal—Kellogg's ALL-BRAN. Physicians recommend ALL-BRAN because its action is different from pills and drugs. Ordinary cathartics give only temporary relief, and are often habit-forming.

ALL-BRAN acts naturally, gently. Its roughage sweeps the system clean of poisonous wastes and impurities.

And ALL-BRAN is a great aid to health in other ways. It contains

abundant iron which enriches the blood, builds strength and the glowing color of health. With milk or cream—or in fruit juices—it brings important vitamins to the diet.

You'll find the flavor of ALL-BRAN delightful. A crisp, ready-to-eat cereal, with a nut-like flavor.

Kellogg's ALL-BRAN is guaranteed to keep you free from both temporary and recurring constipation.

Ignoring constipation is like playing with dynamite. Start serving Kellogg's ALL-BRAN now. Sold by all grocers in the red-and-green package. It is served in restaurants, hotels and dining-cars. Ask for it by name.

Census Gives Titles

TRAVELING salesmen are listed as "commercial travelers" in the 1930 census returns, an examination of the population questionnaire shows. Use of the more preferable term is stressed in the schedule, which urges not only the enumerator but also the individual filling out the return to avoid indefinite terms.

An employee in a store engaged in selling goods is classified as a salesman, not a clerk, and stenographers, typists, bookkeepers and cashiers are designated as such.

The term "laborer" is avoided where a more precise designation can be secured, such as foreman, inspector, watchman, etc.

College Celebrates Fiftieth Anniversary

CLEVELAND, April 11—Dr. William E. Wickenden was formally inaugurated as the third president of Case school of Applied Science today as the highlight of the school's celebration of its fiftieth anniversary. More than 400 college presidents, professors and scientific men from over the country were due to attend the ceremonies. Besides Dr. Wickenden, speakers included Drs. Dexter S. Kimball, acting president of Cornell university and Dr. C. G. Abbott, secretary of the Smithsonian institute.

BIG STORE PLANNED

By The Associated Press
CLEVELAND, April 11—A \$1,000,000 department store is to be added to the terminal development on the public square, according to the Cleveland Builders' Exchange. No announcement was made as to the interests behind the project.

STUFFINGS IMPROVE PROSAIC VEGETABLES

Many of Most Lowly Garden Products Gloried into Snappy Dishes.

"SURPRISE" added to the name of a vegetable is a menu card no longer a surprise, since translated into cooking English it means usually some kind of stuffing. Still, the idea remains a good one. Many prosaic vegetables are made more attractive to the eye and the palate because they are not the same throughout. Outwardly they may appear leafy, or vegetable or onion, but from the top these protrude another substance playing internal.

Many of the lowly vegetables can be glorified into snappy dishes by varying stuffings. Potatoes, onions, peas and turnips among the root vegetables; tomatoes, squash, cucumbers, eggplant, cabbage among the green. If these vegetables are to accompany a substantial dish, then a light stuffing of breadcrumbs or some other vegetable, plus peppery seasonings will be adequate. But if this is to serve as a main dish, as for a child's lunch or supper, then some substantial ingredients can be added to make the stuffed vegetable more nourishing. A small quantity of meat, liver, fish, nuts, olives, eggs, will make a delicious and filling use of any of the plain vegetables.

What people admire is not so much their courage. They come North when the weather prospects do not warrant it.

When a man begins to complain of the old rules, human nature is changing.
